

**The European Transport Congress organized by
The Czech Technical University, Faculty of Transportation Sciences**
under auspices of the Prime Minister of the Czech Republic

Dear Colleagues,

We would like to invite you to submit a paper for the
11th European Platform of Transport Sciences congress **ETC2013**,
that will take place **in Prague, Czech Republic**,
19–20 September 2013.

This year's congress is organized by The Czech Technical University, Faculty of Transportation Sciences as a part of celebration of the 20th Faculty anniversary. All regions face similar challenges in delivering sustainable transport solutions to meet their current and future mobility requirements. Transport authorities are aware of the real needs specific to their region but often find it difficult to identify detailed information on targeted solutions that would deliver direct and tangible positive outcomes. The emphasis of the Prague 2013 Congress will be on proven, deployed solutions and innovative R&D that is focused on solving real problems and delivering value for money in today's challenging economic environment.

The European Platform of Transport Sciences Committee invites experts to submit their contribution to be considered for presentation and publication at the **ETC Prague 2013 Congress**.

Detailed submission guidelines are available at
www.etc2013.fd.cvut.cz/call-for-papers.

For any questions concerning online submissions, please contact:
etc2013@fd.cvut.cz

For further details on the 11th ETC Congress, please visit the congress website at www.etc2013.fd.cvut.cz or contact the organizing team.

Looking forward to receive your contribution.

Kind regards,

Professor Miroslav Svitek
Dean of Faculty of Transportation Sciences
Czech Technical University in Prague
ETC2013 General Chair
