

## Smart Cities Symposium Prague 2019

organized by the Czech Technical University in Prague, Faculty of Transportation Sciences

Dear Colleagues,

We are pleased to invite you to participate in the fifth annual conference **SCSP 2019** - Smart Cities Symposium Prague that will take place on **May 23, 2019** and **May 24, 2019** in Prague, Czech Republic.

The Symposium will cover the following key areas:

- System approach to Smart Cities transformation
- Information and data processing, algorithms, agents, simulation and prediction
- Technologies for Smart Cities
- Human factors and liveable cities
- Sustainable cities
- Best practices for Smart Cities transformation

SCSP 2019 will have a special focus on research addressing **people's behavior, their selection of activities and travel behavior**. We encourage researchers with different background to participate and contribute their findings. The Symposium aims to be a multidisciplinary forum for exchanging ideas and best practices in the field of Smart Cities not limited to theory but also including real world applications.

We welcome you to submit your full papers by **January 31, 2019**.

Accepted papers will be submitted to IEEE Xplore and Web of Science and Scopus.

For details on the Smart Cities Symposium Prague 2019, please see the Symposium's website at [scsp2019.fd.cvut.cz](http://scsp2019.fd.cvut.cz) (to be launched soon) or contact the organizers at [scsp2019@fd.cvut.cz](mailto:scsp2019@fd.cvut.cz).
