

Smart Cities Symposium Prague 2022

organized by the Czech Technical University in Prague, Faculty of Transportation Sciences

Dear Colleagues,

We are pleased to invite you to participate in the seventh annual conference **SCSP 2022** - Smart Cities Symposium Prague that will take place on **May 26, 2022** and **May 27, 2022** in Prague, Czech Republic.

The Symposium will cover the following key areas:

- System approach to Smart Cities transformation
- Information and data processing
- Livable cities
- Downsides of Smart Cities
- City resiliency - Changes in cities during pandemics

SCSP 2022 will have a special focus on research addressing **people's behavior, their selection of activities and travel behavior**. We will discuss also the changes due to pandemic. We encourage researchers with different background to participate and share their findings. The Symposium aims to be a multidisciplinary forum for exchanging ideas and best practices in the field of Smart Cities not limited to theory but also including real world applications.

We welcome you to submit your full papers by **January 31, 2022**.

Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.

For details on the Smart Cities Symposium Prague 2022, please see the Symposium's website at <https://akce.fd.cvut.cz/en/scsp2022> or contact the organizers at scsp@fd.cvut.cz.

We are looking forward to meeting you in Prague!
