

# **SMART CITIES SYMPOSIUM PRAGUE 2024**

## organized by the Czech Technical University in Prague, Faculty of Transportation Sciences

#### Dear Colleagues,

Let us invite you to **the tenth annual** international scientific conference **Smart Cities Symposium Prague**, which will take **place on 23 and 24 May 2024 in Prague**.

Over the past ten years, the Symposium has built a strong network of professionals across all areas related to the topic of Smart Cities, so in addition to the key topics below, we will also look back together at its ten-year history, and we would be delighted if you would share your memories with us.

The Symposium will cover the following key areas:

- System approach to Smart Cities transformation
- Information and data processing
- Livable cities
- Smart Cities Modeling
- · City resiliency Changes in cities during pandemics

SCSP 2024 will have a special focus on **research in the field of strengthening the resilience of smart cities**. **We will discuss also the changes due to energy crisis**. We encourage researchers with different background to participate and share their findings. The Symposium aims to be a multidisciplinary forum for exchanging ideas and best practices in the field of Smart Cities not limited to theory but also including real world applications.

We welcome you to submit your full papers by January 31, 2024.

Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.
